Also, the very nice place named La Laguna de San Carlos, a mountain lake, is 8 kms further. This one bedroom mountain chalet is set back from the main road, on a small, semi-private path. Built 6 years ago, it has all you need to relax and enjoy the Panamanian country area. With a total of 76 sqm, this one bedroom mountain chalet is set as follow: •Main room with open kitchen/dining area on one side, •Living room/bedroom on the other side, •Full bathroom, •Outside terrace facing South, •Garden storage. All the windows have screens, an the house has hot water. The water is coming from the well of the community. Unlimited water consumption for 100 USD per year... The land is a 3,000 sqm titled property, 500 meters above sea level. It is all fenced. The garden is landscaped and has a lot of trees, offering nice shadow areas. Actually there is a large mango tree, producing delicious mangos, some papaya's trees and lemon trees. The ground is very fertile, ideal to plant and grow any kind of fruits and vegetables. To conclude, this one bedroom mountain chalet is an excellent opportunity to escape the urban jungle for weekends or holidays.
