Descripción de la propiedad

Looking for a private lot on a secluded beach on the Pacific? Here it is: One hectare of flat woody grounds just high enough above the ocean to guarantee no flooding, but with easy access to the beach. Looking south, it offers beautiful sunrises and sunsets for you to enjoy from your terrace or deckchair. The access is a few metres over the beach so you will need a 4x4 car. The village of San Lorenzo on the Pan-American highway is a 30-minute drive, and another half an hour will take you to David, the second largest city in Panama, where you will find all the shops you need and an international airport.
