Descripción de la propiedad

Welcome to your future home in Volcán, Tierras Altas — one of Panama's most sought-after highland destinations, known for its year-round spring-like climate, tranquil lifestyle, and growing expat community. Ideally located across from Escuela del Valle and just minutes from the natural attraction of La Fuente, this property offers the perfect balance of convenience and tranquility, placing you close to everything while enjoying space and privacy. This home was designed with comfort, spaciousness, and a connection to nature in mind. The main living area boasts a stunning open-concept design with a vaulted wood ceiling, creating a warm, spacious, and light-filled ambiance. At the heart of the home, a cozy fireplace invites you to enjoy the cool evenings — one of the most cherished features of living in Volcán. The property includes: 4 spacious bedrooms, 4 full bathrooms, an open-concept living room, dining room, and kitchen, a closed laundry room, a welcoming foyer, and excellent finishes throughout. A unique feature is the loft area located above the bedroom section, currently unfinished and without access installed. This gives you the opportunity to adapt it as a home office, art studio, guest suite, or private space—ideal for remote work or hobbies. Although the house is located in a residential area with neighboring homes, its expansive, flat 2,276 m² (0.56 acres) lot creates a sense of space, privacy, and freedom rarely found in this type of location. Situated at 1,375 meters (4,511 feet) above sea level
