Ocean View Home in Morrillo Heights, Veraguas

En Venta

\$1,400,000

Descripción de la propiedad

This oceanview residence is located in Morrillo, along the Azuero Peninsula's west coast, and is positioned on an elevated lot that provides privacy while remaining only minutes from the beach. The setting allows the home to capture open views toward the Pacific and enjoy the region's well-known sunset displays. The main living area of this 2-bedroom, 2.5-bathroom home follows an open-concept layout. Floor-to-ceiling windows frame the ocean views and allow natural light to enter throughout the day, creating a strong visual connection between the interior spaces and the surrounding landscape. Hardwood ceilings contrast with modern flooring, giving the residence a clean and contemporary feel. Both bedrooms are designed to take advantage of the ocean-facing orientation and include carefully selected finishes. The interior layout flows directly toward an outdoor deck, where an infinity pool overlooks the coastline and provides a comfortable space to enjoy the views and evening sunsets. The elevated position of the property enhances privacy while maintaining practical access to the beach via a short pathway. This is a titled property with water service and electricity available. Below the main living level, there are two independent studio apartments. Each studio includes a bathroom and a small kitchenette, offering flexible use for guests or additional living space. This thoughtful layout allows the property to function both as a private residence and as a multi-use coastal home.
