Descripción de la propiedad

Do you see yourself living in a house on the beach, looking out onto the ocean? Turn your dream into reality and grasp this rare opportunity! The quiet beach of San Lorenzo offers peace and tranquility with hardly any neighbours. The house is small and stylishly modern - ideally laid out for a couple. One bedroom with bathroom, a half guest bathroom, a fully furnished kitchen with a pantry and a living room with a huge covered terrace overlooking the ocean. The current owner has three horses who have luxurious stables. Plus, there is a container for the workshop and a carport for three cars. New 12 KW solar panels with silicium batteries, a generator and a well guarantee you will always be well supplied with utilities – and that at zero cost! The property is planted with grass for the 3 horses. An hour on the Interamerican highway will take you to David, the second largest city in Panama with all the shops you will need year-in, year-out. It is, admittedly, a bit difficult to reach, but once you are there, you will never want to leave.
