Elegant 4-Bedroom Furnished Estate in Boquete

En Venta

\$1,490,000

Descripción de la propiedad

Tucked into the lush, elevated landscapes of Boquete, this fully furnished 4-bedroom estate with a dedicated office space offers panoramic elegance, natural serenity, and resilient, future-ready design. Located within The Springs — a gated and friendly HOA community backed by protected National Park land — the home is just minutes from town and Boquete’s finest dining, offering convenience without sacrificing tranquility. This two-story residence embraces light, space, and comfort. High ceilings and oversized windows on both levels create an atmosphere of openness, while thoughtfully placed terraces and garden paths invite seamless indoor-outdoor living. The main level features a wide, open-concept layout anchored by a warm, spacious kitchen, flowing into expansive living and dining areas and out to a covered terrace with stunning views of the surrounding mountains. Downstairs offers additional bedrooms, a secondary living space, and a private kitchenette, perfect for extended guests, multigenerational living, or income potential. A dedicated office room provides the ideal space to work remotely or convert into a creative studio, library, or flex room. This estate includes a fully enclosed two-car garage, plus two dehumidified storage rooms — one on each floor — giving you plenty of secure space for storage and seasonal items. And what truly sets this home apart is its smart, self-sufficient infrastructure: A computerized lithium battery system with whole-home surge protection automatically activates during outages — powering the entire home silently for up to 12 hours.
