## Descripción de la propiedad

Set at approximately 3,900–4,100 feet in the cool highlands of Potrerillos Arriba, Finca La Pagoda is a 13.8-hectare legacy estate offering rare water concessions, extensive infrastructure, and strong long-term investment potential. Originally commissioned as a private mountain residence by a former head of state and later hosting international dignitaries, the property carries discreet historical provenance while remaining focused on future value. The fully restored 4-bedroom, 4-bath main residence offers approx. 4,976 sq. ft. of living space and 6,716 sq. ft. under roof, featuring Japanese-inspired architecture, restored wood ceilings, hand-painted murals, rare terrazzo flooring, gourmet kitchen, library, office/den, and sweeping highland views. Investment features include permanent natural-spring water concession rights, full irrigation system, auxiliary generator, fertile volcanic soil, and multiple support structures. A 1,409 sq. ft. event pavilion with bar, kitchenette, and seating for up to 70 guests offers immediate income potential. Additional improvements include guest or caretaker home, four-car garage with workshop, and professional greenhouse. Strategically located between Boquete and Volcán, suitable for hospitality, wellness retreats, specialty agriculture, or land-banking.
