\$100,000

Descripción de la propiedad

Green Valley Panama is an innovative 200-hectare urban development project with state-of-the-art infrastructure, unprecedented in the country. The project offers urbanized land plots to developers and builders wishing to develop their residential, commercial, institutional, or sports projects within Panama's first SMART CITY. More details: 12 km of 33m-wide roads and 40 km of cobblestone sidewalks; a large lake and 8 public parks; 12 km of bike paths and 16 km of mountain trails; underground electrical, water, and communications services; sports areas; parking and vehicle control; an open city, without walls and perfectly connected to its surroundings.
