Beautiful farm with sea views in Capira

En Venta

\$2,725,000

Descripción de la propiedad

Beautiful property located on the Pacific coast in a beautiful bay in front of the Mandinga Island. The property is fully titled to the sea shore. The topography includes a valley between two hills, with beautiful views of the Pacific Ocean, with a kilometer of sea front including small beaches, low cliffs and mangroves areas. Access is by boat or by road, however the current road is pretty rough and needs to be improved. The property can be purchased together with a two adjacent properties, one with a beach and the other which offers easier access by road. There are no restrictions to building a dock with the necessary permits.
