Descripción de la propiedad

A group of Italian investors were looking to build their dream home right on the beach but wanted to remain as close to Panama City as possible. After scouting remote locations, they discovered VERACRUZ, one of the best-kept secrets of Panama, which is home to the WESTIN PLAYA BONITA resort, and built this impressive mansion consisting of three floors with independent access. What you can do with nine bedrooms, nine bathrooms, several living rooms and kitchens is open to your imagination but as soon as you visit the villa, you will appreciate the difference between living "close to the beach" and enjoying the beach on your doorstep. It is difficult to get any closer to the Ocean without getting your feet wet, and Panama City is just minutes away (spending hours on the highway to reach Coronado or Playa Blanca, especially on weekends, is not all that attractive). Recent appraisal. Exclusive MLS (Multiple Listing Service) property available to all interested parties including properl
