Descripción de la propiedad

One of the last apartments available in the first phase of Pearl Island: The Peninsula. Building 7, with only 7 apartments, was designed by Hart Howerton. Situated on a hill above the Villas, it offers a prime location. This 196 m², newly furnished apartment is on the second floor, occupying half a floor. The spacious and bright residence features floor-to-ceiling windows and offers 3 bedrooms, 3 ½ bathrooms and a maid's quarters. The open-concept layout in the common area includes a chef's kitchen equipped with top-of-the-line appliances, a spacious living room and a luxurious terrace with stunning views of the Pacific Ocean, the Gulf of Panama, the Marina and dazzling sunsets. The apartment is fully furnished and finished, with wood paneling in the social area and elegant wallpaper throughout the residence. Located steps from the Beach Club of The Peninsula and the Marina, you will enjoy access to the Panama Red restaurant, casual poolside dining, fitness center, paddleball, tennis courts and more. Owning a property on Pearl Island goes beyond owning a home in a private enclave; it offers a lifestyle like no other. Just 20 minutes from the city, Pearl Island is accessible by ferry, boat or plane, thanks to a private airstrip that accommodates mid-size aircraft and a stunning world-class marina. This 3,500-acre luxury development, where 70% will remain as a nature reserve, features 30 kilometers of coastline and seven secluded beaches in the Pearl Islands.
