Descripción de la propiedad

Now available for sale is this oceanfront clifftop property located just two minutes from the renowned Corto Circuito surf break in Cambutal. Positioned on a prominent rock formation along the coastal road that leads to Pedregal, Playa Blanca, and other Azuero Peninsula beach towns, this titled lot offers some of the most commanding ocean views in the area. From this elevated vantage point, the property looks out over two surf spots—one directly in front that, during large swells, produces powerful waves reminiscent of Hawaii's barreling breaks. On calmer days and at low tide, the same beach becomes a safe and swimmable zone, even for children. A large natural reef just offshore helps break incoming waves and makes the area ideal for fishing and swimming. The surrounding coastline and hills also offer several hiking opportunities for those who enjoy being close to nature.
