Natures Wealth in Volcan Chiriqui

En Venta

\$795,000

Descripción de la propiedad

Uncover an unparalleled investment opportunity amidst the verdant beauty of Volcan, Chiriqui, Panama. This 30-hectare property not only promises tranquility and natural wonders but also boasts a treasure trove of indigenous Teak wood, valued at an impressive \$250,000. Panama's thriving real estate market beckons, and Volcan stands out as a coveted destination for savvy investors. With its vast expanse of prime land, this property is more than just a slice of paradise; it's a gateway to lucrative ventures and sustainable growth. Nestled amidst lush greenery, pristine landscapes, and majestic mountains, this expansive land offers the perfect canvas for realizing your investment dreams. Beyond the breathtaking surroundings lies a ranch-style home, featuring three bedrooms and two baths, waiting to be restored to its former glory. With a partially finished basement, this home offers endless potential for customization and expansion. But the real gem of this property lies in its indigenous Teak wood. Renowned for its durability, beauty, and high market value, Teak wood presents a rare opportunity for lucrative returns. Don't miss the chance to secure your stake in this exceptional opportunity.
