Descripción de la propiedad

Land for Sale in Potrerillos Arriba, Chiriquí, Panama Situated just five minutes from the center of Potrerillos Arriba and bordering the Rio David, this property offers a mix of flat land, gentle slopes, and low hills across its landscape. Set at an elevation of 1,080 meters, the property enjoys a comfortable climate year-round, making it an excellent option for residential or agricultural use. Land Characteristics With rich, fertile soil, the land is well-suited for farming and currently features mamesillo trees in a natural secondary forest setting. The property's topography provides options for different uses and includes a view to the south of the distant Pacific Ocean, adding an open visual aspect to its surroundings without feeling overly developed or altered.
