Descripción de la propiedad

This 5,459.91 m² lot is located in Boquerón, Chiriquí, next to Río Chico, a river with year-round water flow. The property has a slight slope, providing natural drainage and enhancing its usability. Boquerón is an area known for its agricultural activity, with neighboring farms and ranches that focus on livestock and crop production. The location offers a peaceful environment while maintaining access to nearby services and towns. This area of Chiriquí is well-suited for agricultural use, and the property benefits from being close to other active agricultural operations.
