Descripción de la propiedad

Located in the peaceful hills of Alto Boquete, this 1,500 m² lot (approximately 16,145 sq. ft.) is a rare opportunity to build in one of the area's most desirable residential communities—Brisas Boqueteñas. The land is completely flat and ready for construction, offering beautiful, uninterrupted views of a lush green canyon that stretches out just beyond the rear boundary. It's the kind of view that never gets old—quiet, natural, and always alive. The neighborhood is quiet, well-established, and mostly made up of expat residents who enjoy the cool breezes, easy access to town, and the slower, more intentional pace of life Boquete is known for. Access to the property is via a solid, rocky road—not paved, but well-compacted and easy to drive year-round. The surroundings are marked by well-kept homes and a strong sense of community without feeling overcrowded or overly developed. Whether you're looking to build your forever home, a vacation getaway, or simply secure a piece of land in one of Boquete's growing residential zones, this lot delivers the space, scenery, and tranquility to make it happen. Utilities are nearby, and the land's clean layout makes it easy to envision your future here. With the combination of natural beauty and strategic location, this is a smart move for anyone seeking peace and potential in one of Chiriquí's most loved mountain towns.
