Experience the best of city living at Nuovo by Armani/Casa, a residential masterpiece designed for the sophisticated buyer who values the services of a 5-star hotel combined with the privacy of home. Located in the heart of Bella Vista, this iconic tower reflects Giorgio Armani's vision of "the perfect ambiance", an intimate and comfortable space where every detail exudes elegance and refinement. Located on the 22nd floor, this 123-square-meter condo is laid out in a way that uses the space efficiently without feeling tight. Floor-to-ceiling windows open up views of the Panama City skyline, with partial Pacific Ocean views in the background. The condo features 10-foot (3-meter) ceilings and marble floors throughout, giving the interior a consistent, open feel. The Italian-designed kitchen includes quartz countertops and custom cabinetry, arranged in a layout that supports both cooking and casual gatherings. All three bathrooms are fitted with Villeroy & Boch fixtures, maintaining the same quality standard across the space. Smart-building features are built in to improve efficiency and overall control. The Building – Armani Nuovo Nuovo by Armani/Casa stands out in Panama City because the design concept is consistent throughout the entire building. Rather than focusing only on the condos, the common areas have been fully designed and furnished under the Armani/Casa brand, giving the tower a unified look and feel from the lobby to the shared spaces.
