Descripción de la propiedad

In the high zone of Altos del María, at 900 meters above sea level, you'll find this modern home designed for those seeking a warm, inviting space surrounded by nature and inspiring views. With a spacious 3,768 m² lot, the property offers a spectacular panoramic view of Cerro Picacho, one of the most iconic landscapes in this countryside community. The design features an open-concept studio layout with double-height ceilings and folding glass doors that fully retract, integrating the terrace, fresh mountain breeze, and scenery into one continuous space. The terrace is generous in size and includes a comfortable barbecue area. On one side, discreetly tucked away, there is an enclosed space with a door that houses the laundry area and a storage closet. On that same side — with a beautiful view of the mountains — you'll find the jacuzzi next to the full bathroom. There is also the staircase that leads to the loft, a perfect corner to use as a secondary resting area, a reading nook, or a quiet spot for contemplation, always accompanied by the lush view and the cool climate of Altos del María. A modern, practical, and cozy home, designed to enjoy the mountains with style, privacy, and the peaceful atmosphere that only Altos del María can offer.
