### Descripción de la propiedad

---

We present a spectacular 800-square-meter oceanfront lot in the idyllic area of Juan Hombrón, Coclé, Panama. This lot has the advantage of having electricity and potable water nearby, facilitating any construction project you wish to undertake. The location is unbeatable, with panoramic views of the Pacific Ocean, allowing you to enjoy breathtaking sunrises and sunsets daily. It is ideal for complementing any project you have in mind, whether it be a parking area, a guesthouse, or an additional garden. Juan Hombrón is an area undergoing rapid development, known for its tranquility, natural beauty, and proximity to other important tourist spots in the region. This privileged location is just 20 minutes from Scarlett Martínez International Airport, facilitating access to domestic and international flights. It is also just 25 minutes from Penonomé, the capital of the Coclé province, where you can access all the necessary services and amenities. You can build your dream home, a vacation retreat, or even a tourism project here, taking advantage of the growing interest in Panama's Pacific coast. Don't miss this unique opportunity to invest in a piece of paradise by the sea. Contact us for more information and to schedule a visit. Your future home by the sea awaits you in Juan Hombrón!
