Your personal oasis is located in the Nueva Suiza district, which rightly bears this name, between Cerro Punta and Volcán. On a lovingly landscaped park-like area of 13,630 m² with mature trees, exotic plants, numerous fruit trees, and an enchanted garden pond, nothing stands in the way of realizing your dreams at a pleasantly refreshing altitude of 1,750 meters above sea level. Whether you are a passionate gardener, seeking peace and quiet from everyday life in a peaceful, tranquil environment, looking for a vacation home or a home for the whole family, or a starting point for extended hikes in the area, or whether you want to create an extraordinary retreat: Here is your opportunity! The property features a cozy wooden house with two bedrooms, a large living-dining room with a fireplace, a well-equipped kitchen, and spacious terraces to enjoy the view of the countryside. Separated only by a covered area with an outdoor fireplace is a small one-bedroom apartment. There are also numerous outbuildings on the fully-fenced property, such as a large workshop, an outdoor kitchen, and various pavilions and stables for small animals. The property is lovingly maintained. Houses in the neighborhood are mainly used as vacation homes. The property is accessed from the paved road via a 300 m gravel path, just a 15-minute drive from the center of Volcán, where you will find everything you need for daily life. David, Panamá's second largest city with its own airport, can be reached in an hour.
