Descripción de la propiedad

This inviting property sits on a 500m² titled lot in the heart of Pedasí. With a warm and welcoming character, it offers a blend of traditional craftsmanship and casual comfort. The home features two bedrooms and two bathrooms in the main house, along with a detached guest studio complete with its own bathroom, air conditioning, and mini fridge - a practical setup for visiting friends or potential long-term guests. The front porch faces a quiet street and is shaded by mature trees and ornamental plants, making it a peaceful place to sit and watch the town go by. Inside, the house reveals quality hardwood accents and high ceilings with exposed beams that contribute to a sense of airiness throughout the living areas. The kitchen has granite countertops, open shelving, and a generous island for food prep or casual meals. A small swimming pool in the backyard is tucked between fruiting banana trees and tropical plantings, providing a relaxing and relatively private spot for a dip. There's also a covered terrace in the back with space for hammocks and outdoor dining - ideal for warm evenings or quiet afternoons at home. The property has a gated carport and is located on a corner lot with easy access to local amenities. It's within walking distance to corner stores, restaurants, and various services in town. While the layout and guest house make short-term rental a possibility, this home feels particularly suited for full-time living or as a seasonal residence. The house is available either furnished or unfurnished, depending on your plans and preferences. Property size details will be available soon.
