ocation Descripción de la propiedad

Amenidades

\$1,500,000

Here is one of your last opportunities to purchase a plot of land measuring over 6 hectares directly at the port of Pedregal. The port of David is currently undergoing extensive expansion and modernization, which will continue over the next few years. This is the perfect time for you to participate in this promising business venture with a relatively small investment and your exciting concepts. Build a marina, a community with fancy buildings and its own pier, large port buildings, or even a manufacturing plant - your business ideas are in demand! The property is located on a well-developed road directly adjacent to the existing port area. To the west, a 3.7-hectare, completely untouched section borders the Rio Platanal and can be accessed from there via docks. Smaller undeveloped areas between 1,000 m² and 2,700 m² are located in the vicinity of the road. In recent years, a number of houses have been built haphazardly in the central area, so it would be advisable to reorganize the entire property through segregation.

central area, so it would be advisable to reorganize the entire property through segregation.
