Land with semi-open warehouse in Juan Diaz

En Venta

\$365,000

Descripción de la propiedad

In general terms, the "ZM" zoning refers to "Mixed Zone," which means it allows a combination of residential, commercial, or service uses. However, the specifications vary according to the number accompanying the zoning designation (in this case, "6"). The number determines the permitted density, the maximum height of buildings, and the percentage of the land area that can be developed.
