Descripción de la propiedad

I am selling a house located in Santo Domingo de Las Tablas in the province of Los Santos. This is a spacious property with spaces to spend time with family and friends. Three bedrooms, the master with its walk-in closet and private bathroom. The two secondary bedrooms with linear closets. In the hallway two additional full bathrooms. A large living - dining room and kitchen that are conveniently integrated. High ceilings with windows that give the house natural light and crosswind for greater freshness in its areas. The kitchen with an excellent-sized island includes a stove, Ariston oven, built-in stove with its extractor (hood). It also includes lamps throughout the property, outdoor solar lamps, video surveillance and alarm cameras, 5 Panasonic Inverter air conditioners. It has a wide front and side entrance with an electric gate to the garage and rear terrace. Two deposits and two water reserve tanks with their pump connected to a well located within the property.
