Land for sale near Gatun Lake

En Venta

\$420,000

Descripción de la propiedad

Invest in the natural majesty of Panama! For sale is a spectacular 14-hectare, 8,074.83-square-meter lot strategically located on the shores of the stunning Gatún Lake, in the Limón District, Colón District, Colón Province, Republic of Panama. This property, which is in an excellent state of conservation, offers a unique opportunity for those seeking a natural retreat or an investment project with unlimited potential. The property has been carefully appraised, considering the current dynamics of the Panamanian real estate market, ensuring a competitive and attractive value. Exclusive and privileged access. Although the property does not have direct land access routes, its uniqueness lies in its exclusive access via the river. This feature becomes a distinct advantage, guaranteeing privacy, tranquility, and an intimate connection with the surrounding nature. Imagine the thrill of reaching your own paradise through the serene waters of Gatún Lake, an experience that elevates the appeal of this property to a higher level. This is an unparalleled opportunity for developers, nature lovers, or investors seeking a plot of land with unique features and unparalleled charm in one of Panama's most beautiful settings.
