Descripción de la propiedad

This land, whose main attraction is in its back, where we can find the imposing Rio Grande, with fast waters, waterfalls, and river sides with large rocks. Characteristics that make it ideal for a tourist development. The property consists of a 1 Ha globe of land with an elongated irregular shape and mostly flat topography with inclinations in the rear towards the Rio Grande. In the areas near the land, large mountains, rivers and waterfalls can be seen, adjacent to the Omar Torrijos Herrera National Park. And we can find it approximately 20 minutes from the Inter-American Highway, on the road to Cope.
