Descripción de la propiedad

I'm selling land in Santa Clara. This land consists of 4,412.50 square meters. We offer 5 lots in the area of different sizes. Just 500 meters from Playa Santa Clara beach in Panama, located on the Pacific coast, it is a beach of white sand and calm waters, ideal for swimming, sunbathing, or simply relaxing. This beach is for both locals and tourists, less than 2 hours from Panama City, 88 km, it is ideal to escape the routine of the city, and thus be able to return recharged with the energy that the beach, breeze, and sea give us. Santa Clara Beach has calm and warm waters. The waters are perfect for swimming, especially with little waves. It has coarse white sand, and the beach is wide, ideal for walking and sunbathing. The sea is crystal clear, and nature preserves its characteristics. You can see Farallon Island, a white rock formation that adds beauty to the landscape. In the area, you'll find beach restaurants and hotels with showers, restrooms, changing rooms, and private parking. A fee per person is charged, which includes use of the facilities. You can play sports such as volleyball or beach soccer, or simply enjoy a swim and sunbathe. There are several dining options on the beach, and you can rent ranches with hammocks. Safety is guaranteed with ranches and local food vendors for all tastes. The average distance from Penonomé's main square to Playa Santa Clara by car is 37.5 km.
